TAXI:

The taxis in Lisbon are surprisingly good value for travelling around the city and are convenient for tired tourists or late-night revellers. Lisbon's taxis are painted a distinctive black and green colour (older taxis are cream coloured) and they can be hailed from the street or from specially marked bays.

In the majority of the tourist areas of Lisbon, taxis can be hailed from the street or are found waiting at taxi ranks. When a taxi needs to be called, Radio Taxis (Tel: 218119000, 969531660 or 919781000) is the largest company and have callers who speak English. An alternative company is Coop Taxis (Autocoop) (Tel: 217932756).

In Lisbon you can also use the following Apps: Cabify; Uber; Mytaxy; Chaffeur Privé

Electric scooters

One other easy way of getting around Lisbon, are electric scooters: download the app, assign a credit card and there you go (wear helmet!), without complications and bureaucracy. Available apps/platforms in Lisbon: LIME; VOI scooters; Hive. In some platforms you pay for "credits", in others you pay "as you go", so that you may prefer the latter if you are not using it at home.

TOURISTIC INFORMATION:

Cheerful, calm, and vibrant, Lisbon is a capital like no other. The city has a lot going on with events, exhibitions, [flea markets](#), and shows scheduled practically around the clock, but it also offers a peaceful and relaxing environment where visitors can stroll off the beaten path and revel in nature or wind up in a historic neighbourhood where time seems to stand still. Lisbon is also extremely budget-friendly, making it easy to navigate and explore in depth.
